'Few people understand Grammar like Craig Shriver. Best of all, no one explains it so well and so easily.' - Chief Executive of Crimestoppers and former Director of the Intelligence Corps, Mark Hallas OBE Written by a former British Army officer (also the founder of the popular website Grammar Monster), Smashing Grammar is both a go-to grammar guide and a primer for writing clear English. Smashing Grammar is divided into three sections: A-Z of Punctuation, A-Z of Grammar Essentials and A-Z of Easily Confused Words. Every entry starts with a simple explanation and some basic examples. These are followed by real-life, engaging examples, which have been painstakingly hunted down for their ability to illustrate the point. Every entry concludes with a 'Why Should I Care?' section offering great tips and advice and explaining

First of all other, I find No Grammar Tears very informative. What amazes me is the kind of dedication and patience Marthus-Adden spent in writing this book. This is because this kind of genre actually needs full attention. Truly, whatever he has written is precise and correct. I really admire his generosity of sharing his knowledge about English owing to the fact that English is his second language. What is good about the book is that the writer wrote it in a manner that readers can easily understand it. In other words, what makes this book different from the other English grammar books in the market is that it is more user-friendly, which means he wrote it in a manner that can easily be understood, especially by those who just learned English and want to learn more. Correctly put, this book is a guide to those who wants to learn English on their own. As a matter of fact, he has a knowledge check

Read Book Either Or Neither Nor Not Only But Also Examples

in every subject he has discussed in this book. He catered everything, especially in the part on how to construct sentences, which are very precise and which make it very easy to learn the book. He did not change anything at all in terms of the right way to speak and learn English, but instead he made it easier and more convenient for those people whose English is not their first language. In point of fact, he wrote this book not because he wants to show off to the world that he is a good grammarian, but because he wants to help those struggling to learn English. The book therefore deserves recognition because he is actually giving a favour to those who can't afford to have a private tutor to teach them how to speak English correctly. I must, in conclusion, admit that this book will really help those people who want to learn English language; those people who are striving to speak perfect English;

Read Book Either Or Neither Nor Not Only But Also Examples

and those people that English is their second language. I will therefore commend the author for this book.
