After living on the streets of New York City for over a decade, Logan Ellis admits her perceptions might be a little skewed. But twisted or not, there's a satisfying irony in watching a well dressed vampire stand in the middle of a ghetto alley, windblown trash scraping small circles near his feet. What she finds even more intriguing, is waiting for him to decide whether or not he's going to kill her. Kerestyan Nelek hasn't quite made up his mind. As the Lord of New York, he can't allow a homeless drug addict, whose memories are packed with knowledge of vampiric existence, to run free in his city. It's not the first time he's been in this situation with a human, it's just the first time in thousands of years he's come face to face with one who doesn't seem to care. And that's what makes the decision so damn difficult. What horrors would you have to witness before you went numb? How many years would it take for you to feel that way? What would it take to make you care again? Logan's answers are simple: the worst humanity has to offer, almost thirty; and something she never expected.

Is He Her Mortal Enemy-- Lady Shay is the last of her kind. Half human, half Shalott, her blood is a precious aphrodisiac to vampires, who consider it more precious than gold. Though Shalotts are renowned assassins, a curse held over Shay lands her on the slave auction block, where her fate is uncertain. . . Or The Man Who Will Risk All. . . Viper, the beguiling chief of a deadly vampire clan, can't explain his longing to possess the beautiful Shalott who once saved his life, but now he is free to do anything he wants with her. Strangely, while he desires both Shay's blood and body, he wants her to surrender willingly. To Save Her Life? A hidden evil has been stalking Shay since she left the slave market with Viper. It is an evil that endangers the very existence of Viper's kind, and there's no reason he should court such danger just to protect a Shalott. But the love he feels for Shay is enough to make him willing to go to hell and back if it means spending an eternity with her in his arms. . . Praise for Alexandra Ivy and *When Darkness Comes*. . . "Not to be missed. . . Ivy is definitely an author with huge potential in the paranormal genre." --Romantic Times (Top Pick!) "A timely and provocative book exploring the origins of the national security state and the urgent challenge of reining it in" (The Washington Post). From Dick Cheney's man-sized safe to the National Security Agency's massive intelligence gathering, secrecy has too often captured the American government's modus operandi better than the ideals of the Constitution. In this important book, Frederick A.O. Schwarz Jr., who was chief counsel to the US Church Committee on Intelligence—which uncovered the FBI's effort to push Martin Luther King Jr. to commit suicide; the CIA's enlistment of the Mafia to try to kill Fidel Castro; and the NSA's thirty-year program to get copies of all telegrams leaving the United States—uses examples ranging from the dropping of the first atomic bomb and the Cuban Missile Crisis to Iran–Contra and 9/11 to illuminate this central question: How much secrecy does good governance require? Schwarz argues that while some control of information is necessary, governments tend to fall prey to a culture of secrecy that is ultimately not just hazardous to democracy but antithetical to it. This history provides the essential context to recent cases from Chelsea Manning to Edward Snowden. *Democracy in the Dark* is a natural companion to Schwarz's *Unchecked and Unbalanced*, cowritten with Aziz Huq, which plumbed the power of the executive branch—a power that often depends on and derives from the use of secrecy. "[An] important new book . . . Carefully researched, engagingly written stories of government secrecy gone amiss." —The American Prospect

Ty's search leads him to a quiet New England town, but once he has the Seer in his grasp, her touch awakens within him a hunger like he's never known . . . Lily Quinn has always been different.
