European Union Politics is the most complete, current, issues-led textbook on the European Union. Written by an expert team of contributors, it fully equips students to understand the European Union and the topical debates and issues which surround it. Alongside comprehensive coverage of the history, theory, institutions, and policies of the EU, the book features a whole section on contemporary issues and current debates, including democracy and legitimacy in the EU, public opinion, the economic crisis, and a brand new chapter on the future of theEU, which is written by a leading expert in the subject. The accessible and wide-ranging nature of this text makes it the ideal starting point for all those wishing to fully understand the workings of this ever-evolving subject. Helpful learning features throughout the text, including key points, questions, and examples, support students' learning, and the book is fully supported by an extensive Online Resource Centre designed to help students take their learning further. For students: * Test your knowledge of the chapters and receive instant feedback with online multiple choice questions.* Take your learning further with relevant web links to reliable online content and links to OUP journal articles.* Revise key terms and concepts from the text with a digital flashcard glossary.* Prepare effectively for assessments with help from the online revision guide.* Expand your knowledge of the EU's member states with an interactive map of Europe.* Remind yourself of key actors in the EU with short biographies of important figures in its history. For registered lecturers * Reinforce key themes from each chapter with suggested seminar and essay questions.* Use the adaptable PowerPoint slides as the basis for lecture presentations or as hand-outs in class.* Encourage students to participate in active learning with examples of simulation exercises.

Subject: "This sixth edition of 'European Union Politics' builds on the success of the previous five editions by retaining and updating the chapters published in the previous version of the book. Innovations in this edition include a new chapter on Brexit and a section on the migration crisis in Chapter 22." -- Preface

This second edition of European Union Politics provides an authoritative introduction to all aspects of politics and policy in the EU. It gives readers a sense of the colour and flavour of EU politics, while systematic coverage of different theoretical perspectives encourages a more sophisticated understanding of the EU's development and function.

Palgrave Advances in European Union Studies breaks new ground in offering advanced readers an insight into the state of the discipline in EU studies. It comprises theoretical and empirical essays which deal with how the European Union has been and continues to be studied, providing an invaluable tool for academics, post-graduate students, and advanced undergraduates who are keen to understand this increasingly diverse field of study.

Making use of legal, economic and political sources, this book offers an analysis of the evolution, operation and regulation of the EU's policies on restrictive practices, monopolies and mergers, and state aid.

Accessible and engaging, this is a complete guide to the past, present, and future of the European Union. An expert author team examine in detail the theory and history behind the EU, before moving on to explore the institutions and policies at work, giving readers a valuable insight to this complicated political body.

Since the Treaty of the European Union was ratified in 1993, the European Union has become an important factor in an ever-increasing number of regimes of pooled sovereignty. This Handbook seeks to present a valuable guide to this new and unique system in the twenty-first century, allowing readers to obtain a better understanding of the emerging multilevel European governance system that links national polities to Europe and the global community. Adopting a pan-European approach, this Handbook brings together the work of leading international academics to cover a wide range of topics such as: the historical and theoretical background the political systems and institutions of both the EU and its individual member nations political parties and party systems political elites civil society and social movements in European politics the political economy of Europe public administration and policy-making external policies of the EU. This is an invaluable and comprehensive resource for students, scholars, researchers and practitioners of the European Union, European politics and comparative politics.

Brexit will have significant consequences for the country, for Europe, and for global order. And yet much discussion of Brexit in the UK has focused on the causes of the vote and on its consequences for the future of British politics. This volume examines the consequences of Brexit for the future of Europe and the European Union, adopting an explicitly regional and future-oriented perspective missing from many existing analyses. Drawing on the expertise of 28 leading scholars from a range of disciplines, Brexit and Beyond offers various different perspectives on the future of Europe, charting the likely effects of Brexit across a range of areas, including institutional relations, political economy, law and justice, foreign affairs, democratic governance, and the idea of Europe itself. Whilst the contributors offer divergent predictions for the future of Europe after Brexit, they share the same conviction that careful scholarly analysis is in need – now more than ever – if we are to understand what lies ahead for the EU. Praise for Brexit and Beyond 'a wide-ranging and thought-provoking tour through the vagaries of British exit, with the question of Europe's fate never far from sight...Brexit is a wake-up call for the EU. How it responds is an open question—but respond it must. To better understand its options going forward you should turn to this book, which has also been made free online.' Prospect Magazine 'This book explores wonderfully well the bombshell of Brexit: is it a uniquely British phenomenon or part of a wider, existential crisis for the EU? As the tensions and complexities of the Brexit negotiations come to the fore, the collection of essays by leading scholars will prove a very valuable reference for their depth of analysis, their lucidity, and their outlining of future options.' - Kevin Featherstone, Head of the LSE European Institute, London School of Economics 'Brexit and Beyond is a must read. It moves the ongoing debate about what Brexit actually means to a whole new level. While many scholars to date have examined the reasons for the British decision to leave, the crucial question of what Brexit will mean for the future of the European project is often overlooked. No longer. Brexit and Beyond bundles the perspectives of leading scholars of European integration. By doing so, it provides a much needed scholarly guidepost for our understanding of the significance of Brexit, not only for the United Kingdom, but also for the future of the European continent.' - Catherine E. De Vries, Professor in the department of Government, University of Essex and Professor in the department of Political Science and Public Administration Free University Amsterdam 'Brexit and Beyond provides a fascinating (and comprehensive) analysis on the how and why the UK has found itself on the path to exiting the European Union. The talented cast of academic contributors is drawn from a wide variety of disciplines and areas of expertise and this provides a breadth and depth to the analysis of Brexit that is unrivalled. The volume also provides large amounts of expert-informed speculation on the future of both the EU and UK and which is both stimulating and anxiety-inducing.' -Professor Richard Whitman, Head of School, Professor of Politics and International Relations, Director of the Global Europe Centre, University of Kent
