

Investment Banking FOCUS NOTES provides a comprehensive, yet streamlined, review of the basic skills and concepts discussed in Investment Banking: Valuation, Leveraged Buyouts, and Mergers & Acquisitions, Second Edition. The focus notes are designed for use both as a companion to the book, as well as on a standalone basis. Investment Banking focuses on the primary valuation methodologies currently used on Wall Street—namely, comparable companies analysis, precedent transactions analysis, DCF analysis, and LBO analysis—as well as detailed M&A analysis from both a sell-side and buy-side perspective. Our focus notes seek to help solidify knowledge of these core financial topics as true mastery must be tested, honed, and retested overtime.
