The key differentiator that underlies an organization's culture performance is not choosing a particular company culture, but rather ...

Race in Modern Irish Literature and Culture presents a radical re-reading of the cultural history of the Irish state, by demonstrating through original historical research and insightful new readings of key literary and artistic works that race has been central to the ways in which modern Ireland has defined itself. John Brannigan examines the tropes of racial identity and racist distinction that underpin modern expressions of Irishness, and shows how a persistent concern with racial ideologies can be traced through twentieth-century Irish culture. In this study, Ulysses is read anew in the context of the

gathering of the Irish Race Congress in Paris, and the formation of the Irish Free State in 1922. The works of Liam O'Flaherty, Samuel Beckett, W.B. Yeats and Jack Yeats are shown to engage critically with anthropological representations of 'the Irish face'. Brannigan reads a wide range of mid-century fiction as part of a public discourse about 'foreign bodies', and goes on to examine the critical conversations taking place in the sixties and seventies about figurations of blackness in Irish culture. A provocative revision of modern Irish cultural history, this book makes challenging interventions in Irish studies, literary and cultural studies, and critical race studies. .Key Features:*Provides new research on the social history of racial ideologies and racist expressions in the Irish state since 1922*Offers new readings of Irish cultural productions and literary texts (by James Joyce, W.B. Yeats, Samuel Beckett, Liam O'Flaherty, Kate O'Brien, Edna O'Brien, Brendan Behan, James Plunkett, Paul Durcan, Austin Clarke, Aidan Higgins, Denis Johnston, and others) emphasising how they engage with the histories of Irish racism and raciology*Demonstrates how a new understanding of the constitutive role of race and racism in modern Irish culture might necessitate a revision of the dominant precepts and trends in contemporary Irish studies*Addresses the significa

Due to the impact of globalization, business practices have been constantly evolving throughout the twenty-first century. Teachers and instructors are faced with the challenges of educating future business leaders on evolving concepts such as diversity, cultural environments, and the integration of countries and economies. Through these challenges, it is critical for educators to understand teaching tools and pedagogical practices that bring this globalized outlook into the classroom. The Handbook of Research on Cross-Cultural Business Education is an important research publication that explores the role of teaching tools used in business education to increase competitive business skills and make them applicable in cross-cultural business environments. It also provides business and management educators with teaching practices that promote learning via exposure to global cultures. Featuring a broad array of topics such as pedagogical modeling, cross-cultural learning, and social responsibility, this is an important resource for business and management educators, business managers, policy makers, researchers, business professionals, and graduate students.

This book is an intellectual history that uses Amílcar Cabral's theory of the "return to the source," to examine Sol Plaatje's Mhudi, B.W. Vilakazi's poetry, and A.C. Jordan's The Wrath of the Ancestors within the broader context of African cultural nationalisms in the early twentieth century African Atlantic World. It shows the development of the idea of African equality with Whites in the face of prevailing ideas of White supremacy during Union-era South Africa. These authors were part of the New African Movement, which was one of eight literary movements among Africans and peoples of African descent in the Americas between 1915 and 1945, including the Harlem Renaissance, Négritude, Claridade in Cape Verde, and similar movements in Cuba, Haiti, Brazil, and Belize. The text presents new models for interpreting Union-era African literature, and recasts understanding of the nature of interactions between Africans and Europeans, including Western Syphilization, Chiral Interdiscursivity, and the relationship between history and memory informed by a neurobiological analysis of memory.

"A vertitable feast of concise, useful, reliable, and up-to-date information (all prepared by top scholars in the field), Nienhauser's now two-volume title stands alone as THE standard reference work for the study of traditional Chinese literature. Nothing like it has ever been published." --Choice The second volume to The Indiana Companion to Traditional Chinese Literature is both a supplement and an update to the original volume. Volume II includes over 60 new entries on famous writers, works, and genres of traditional Chinese literature, followed by an extensive bibliographic update (1985-1997) of editions, translations, and studies (primarily in English, Chinese, Japanese, French, and German) for the 500+ entries of Volume I.

The New Testament books were written to be read aloud. The original audiences of these texts would have been unfamiliar with our current practice of reading silently and processing with our eyes rather than our ears, so we can learn much about the New Testament through performing it ourselves. Richard Ward and David Trobisch are here to help. Bringing the Word to Life walks the reader through what we know about the culture of performance in the first and second centuries, what it took to perform an early New Testament manuscript, the benefits of performance for teaching, and practical suggestions for exploring New Testament texts through performance today.

Derived from the renowned multi-volume International Encyclopaedia of Laws, this monograph provides a survey and analysis of the rules concerning intellectual property rights in Argentina. It covers every type of intellectual property right in depth - copyright and neighbouring rights, patents, utility models, trademarks, trade names, industrial designs, plant variety protection, chip protection, trade secrets, and confidential information. Particular attention is paid throughout to recent developments and trends. The analysis approaches each right in terms of its sources in law and in legislation, and proceeds to such legal issues as subject matter of protection, conditions of protection, ownership, transfer of rights, licences, scope of exclusive rights, limitations, exemptions, duration of protection, infringement, available remedies, and overlapping with other intellectual property rights. The book provides a clear overview of intellectual property legislation and policy, and at the same time offers practical guidance on which sound preliminary decisions may be based. Lawyers representing parties with interests in Argentina will welcome this very useful guide, and academics and researchers

will appreciate its value in the study of comparative intellectual property law.

'Dramma per musica', the most usual term for Italian serious opera from the seventeenth to the early nineteenth century, was a modern, enlightened form of theater that presented a unified, artistically designed, dramatic enactment of human stories, expressed by the voice and underscored by the orchestra. This book illustrates the diversity of this baroque art form and explains how it has given us opera as we know it.
