Everything you need to know about ear, face, and body piercings—from how to find a skilled professional piercer to best practices for safe healing and optimal results. “As a piercer, nurse, and educator, I can say without a doubt that this is the most complete book ever written for all people in our industry.”—David A. Vidra, founder and president of Health Educators, Inc. Piercing expert Elayne Angel has performed over 50,000 piercings since the 1980s and has pioneered many placements, including tongue piercing and the triangle, lorum, and other genital piercings. This book is a celebration of all the world's divine messengers and a definitive resource containing all of the knowledge collected about these awe-inspiring beings. Rigorously researched, Angels is packed with knowledge about these protectors and guides, including: - who (or what) angels are, their duties to the people of earth, their appearance, and their origins - prayers for invoking your guardian angel and chasing away negative emotions - the many rituals that will help you call on angels to help transform your life and guide, protect, and steer you toward love and success . . . and much more. This tome of ancient and modern angel wisdom offers a perspective on a world we could only have previously imagined, as well as practical tools to bring more love, light, and energy into our lives.

From the collaborator of the blockbuster bestseller Proof of Heaven comes the definitive book proving angels are real, all around us, and interacting in our lives every day. In March 2015, millions worldwide were captivated by news reports of the dramatic rescue of an eighteen month old girl, Lily Groesbeck, who'd somehow survived fourteen hours in an overturned car partially submerged in an icy-cold Utah river after her mother apparently lost control of the vehicle. A voice the four responding officers assumed was the child's mother still trapped inside spurred them on: "Help me, help me." Yet, once the two victims were recovered, it was clear that the voice could not have come from Lily's mother: she'd been killed on impact. New York Times bestselling author Ptolemy Tompkins, with the help of Tyler Beddoes, one of the

responding officers who helped rescue Lily, will explain this modern-day miracle and the existence of angels in our world. Proof of Angels weaves real-life stories into a rich narrative, exploring the history, nature, and significance of angels in our lives. With an introduction by Colleen Hughes, the editor-in-chief of Angels on Earth magazine, Proof of Angels proves that the barrier between the spiritual and the scientific is less certain than we often think. Not only does Tompkins offer a highly entertaining look into a universally fascinating topic, but he also delivers a fresh and deeply reassuring message: we are not alone.

Douglas Connelly examines what the Bible says about angels, focusing on their ministry among God's people from ancient days to the present.

Piercing pioneer Elayne Angel has performed over 40,000 piercings since the 1980s and has brought many practices, such as tongue-piercing, into the mainstream. She brings her exhaustive knowledge to this groundbreaking manual that covers everything you need to know about the process, including:

- The best piercings and placements for various body parts and body types
- Terminology, tools, and techniques of the trade
- Vital sterility, sanitation, and hygiene information
- Jewelry designs, shapes, and materials
- Advice for people with stretch marks, plastic surgery, and unique anatomy
- Healing, aftercare, and troubleshooting for problem-free piercing
