India and Pakistan, once the giants of field hockey, have been taken over by European teams. In the 70's the Europeans developed their own soccer-like defensive style of play and 'set' penalty corner mechanisms helped them score goals. This created controversy over the way these new rules were operating. At the same time as all these rule changes were coming into play, artificial pitches were ...

The New York Times bestseller. "His book is a wake-up call at a time when many believe the net was a flash in the pan."—BusinessWeek With his knowing eye and wicked pen, Michael Lewis reveals how the Internet boom has encouraged changes in the way we live, work, and think. In the midst of one of the greatest status revolutions in the history of the world, the Internet has become a weapon in the hands of revolutionaries. Old priesthoods are crumbling. In the new order, the amateur is king: fourteen-year-olds manipulate the stock market and nineteen-year-olds take down the music industry. Unseen forces undermine all forms of collectivism, from the family to the mass market: one black box has the power to end television as we know it, and another one may dictate significant changes in our practice of democracy. With a new afterword by the author.

A common, and oddly accepted, lament heard at field hockey games goes something like this, "I've been watching field hockey for 10 years and I still don't understand what's going on." Field hockey just isn't THAT complicated and this book will help you better understand the game whether you're a player, coach, fan, reporter or umpire. A precursor to this book, called How to Umpire Field Hockey, was released in 2001. The book is updated annually as required by rule changes by the FIH, NCAA, and NFHS.

"We Ride Upon Sticks . . . is for the kind of adults who watch Stranger Things and still have, somewhere, an athletic award inscribed on a paper plate." —NPR **NPR "Best Books of 2020" **TIME "Must Read Books of 2020" **Book Riot "Best Books of 2020" **Literary Hub "Our 65 Favorite Books of 2020" Acclaimed novelist Quan Barry delivers a tour de female force in this delightful novel. Set in the coastal town of Danvers, Massachusetts, where the accusations began that led to the 1692 witch trials, We Ride Upon Sticks follows the 1989 Danvers High School Falcons field hockey team, who will do anything to make it to the state finals—even if it means tapping into some devilishly dark powers. In chapters dense with 1980s iconography—from Heathers to "big hair"—Barry expertly weaves together the individual and collective progress of this enchanted team as they storm their way through an unforgettable season. Helmed by good-girl captain Abby Putnam (a descendant of the infamous Salem accuser Ann Putnam) and her co-captain Jen Fiorenza (whose bleached blond "Claw" sees and knows all), the Falcons prove to be wily, original, and bold, flaunting society's stale notions of femininity in order to find their glorious true selves through the crucible of team sport and, more importantly, friendship.

From #1 New York Times bestseller Mike Lupica! What happens when a star player ends up on the worst team? He either learns to lose or he stops playing the game he loves. These are the choices facing Jake, who has gone from champion to last place, testing his sportsmanship every time his soccer team gets waxed. But it's his teammate Kevin who shows Jake that being a good captain means scoring and assisting off the field as much as being the star player on it.

It Takes Grit will give you the tools needed to take control of your health and happiness.

Today, millions of women and girls around the world enjoy running and entering races. It wasn't always so:

- In 1961, when Julia Chase edged to the start of a Connecticut 5-miler, officials tried to push her off the road.
- At the 1966 Boston Marathon, Roberta Gibb hid behind a forsythia bush, worried that police might arrest her.
- The next year at Boston, Kathrine Switzer was assaulted mid-race by a furious race organizer.
- In the mid-60s, Indianapolis high schooler Cheryl Bridges was told not to run anywhere near the boys' track team because she might "distract" them.
- When Charlotte Lettis signed up for the University of Massachusetts cross-country team in the fall of 1971, she was told to use the men's locker room.
- A few years later in coastal Maine, young Joan Benoit would stop her workouts to pretend she was

picking roadside flowers, embarrassed that her neighbors might spot her running. First Ladies of Running tells the inspiring stories of these and other fiercely independent runners who refused to give up despite the cultural and sports barriers they faced. Legends such as Doris Brown, Francie Larrieu, Mary Decker, Jackie Hansen, Miki Gorman, and Grete Waitz are chronicled by Runner's World editor Amby Burfoot. Burfoot even runs the 1994 Marine Corps Marathon with Oprah Winfrey, whose successful finish opened the floodgates for other women runners. First Ladies of Running is a beautiful and long-overdue tribute to the pioneers of women's running, and a gift of empowerment for female runners everywhere.

After a senator's scandalous death, police detective Ben Tolliver investigates the man's wretchedly corrupt family Ten years after leaving the Senate, Clayton Cunningham III remains as powerful as ever. In his boardroom, he rules over a business empire that stretches across the globe. In his dining room, he controls his family with a tight fist. And in his bedroom, well—in his bedroom the senator does whatever he wants. After commanding his children to get an SEC investigation of the family finances under control, he retires to make love to his mistress. He is just starting to enjoy himself when he feels a pain—and drops dead. NYPD homicide detective Ben Tolliver plans to make Cunningham's lover his chief witness, but she dies of an apparent suicide not long after the senator's demise. As public pressure mounts to find Cunningham's killer, Tolliver grapples with a family for whom lying is second nature—and murder might come easily as well.
