Fourteen-year-old John creates alternative realities in his mind as he tries to deal with his mother's abusive boyfriend, his crush on a beautiful, but shallow classmate, and other problems at school.

Moving, wholly involving, original, and emotionally true, You Don't Know Me is a multilayered young adult novel that presents a winning portrait of an understandably angst-ridden adolescent. John ("My father named me after a toilet!") wrestles with the certainty that no one really knows him -- not in his miserable home, and certainly not at school. It's true that no one can guess his hidden thoughts, which are hilarious, razor-sharp observations about lust, love, tubas, algebra, everything. And then there's his home: his father ran off years ago, so he's being raised by his mother, who works long hours, and by her boyfriend, whom John calls "the man who is not and never will be my father." This man is his enemy, an abusive disciplinarian who seems to want to kill John and, in a horrible final confrontation, nearly succeeds.

A deeply personal memoir of the private Ray Charles - the man behind the legend - by his eldest son. Ray Charles is an American music legend. A multiple Grammy Award-winning composer, pianist, and singer with an inimitable vocal style and a catalog of hits including "What I Say," "Georgia on My Mind," "Unchain My Heart," "I Can't Stop Loving You," and "America the Beautiful." Ray Charles's music is loved by fans around the world. Now his eldest son, Ray Charles Robinson Jr., shares an intimate glimpse of the man behind the music, with never-before-told stories. Going beyond the fame, the concerts, and the tours, Ray Jr. opens the doors of his family home and reveals their private lives with fondness and frankness. He shares his father's grief and guilt over his little brother's death at the age of five -- as well of moments of personal joy, like watching his father run his hands over the Christmas presents under their tree while singing softly to himself. He tells of how Ray overcame the challenges of being blind, even driving cars, riding a Vespa, and flying his own plane. And, in gripping detail, he reveals how as a six-year-old boy he saved his father's life one harrowing night. Ray Jr. writes honestly about the painful facts of the addiction that nearly destroyed his father's life. His father's struggles with heroin addiction, his arrests, and how he ultimately kicked the drug cold turkey are presented in unflinching detail. Ray Jr. also shares openly about how, as an adult, he fell victim to the same temptations that plagued his father. He paints a compassionate portrait of his mother, Della, whose amazing voice as a gospel singer first attracted Ray Charles. Though her husband's drug use, his womanizing, and the paternity suits leveled against him constantly threatened the stability of the Robinson home, Della exhibited incredible resilience and inner strength. Told with deep love and fearless candor, You Don't Know Me is the powerful and poignant story of the Ray Charles the public never saw -- the father and husband and fascinating human being who also happened to be one of the greatest musicians of all time.

Understand what your teenage daughter really means--and learn to use your arguments to strengthen your bond with her. Mothers and teenage daughters argue more than any other child-parent pair--on average every two-and-a-half days. These quarrels, Terri Apter shows, are attempts to negotiate changes in a relationship that is valued by both mothers and daughters. A daughter often feels her mother doesn't know or understand her, and by fighting hopes to force her mother into a new awareness of who she really is, how she has changed, and what she is now capable of doing and understanding. But mothers often misinterpret their daughter's outbursts as signs of rejection, and they may pull back feeling hurt and confused. Through case studies and conversations between mothers and daughters, Apter shows mothers how to interpret the meanings behind a daughter's angry words and how to emerge from arguments with a new closeness.
